Re: MB Docket No. 03-15
WLEX-DT, Lexington, Kentucky (Facility ID No. 73203)
FCC File No. BPCDT-20000501AJY
Supplement to Request for Waiver of July 1, 2005
Replication/Maximization Deadline

Dear Ms. Dortch:

On behalf of WLEX Communications, L.L.C. ("WLEX"), permittee of television station WLEX-DT (Lexington, Kentucky) (the "Station"), we hereby supplement WLEX's June 30, 2005 request for waiver of the Commission's July 1, 2005 replication/maximization interference protection deadline. In its June 30, 2005 letter, WLEX requested that the Commission waive the July 1, 2005 interference protection deadline for WLEX-DT until and through the expiration of the Station's construction permit.

By this letter, WLEX notifies the Commission that construction of the Station has been completed. On July 19, 2005, WLEX filed a letter with the FCC notifying it that the Station had commenced program test operations, and on July 28, 2005, WLEX filed a covering license application with the FCC (File No. BLCDDT-20050728AOX). As a result, the June 30, 2005 request for waiver of the July 1, 2005 replication/maximization interference protection deadline is no longer necessary.

Please contact me if you have any questions about this matter.

Respectfully submitted

/s/ Scott S. Patrick
